Faculty Highlights

March District Governing Board Presentation

Division I

Allen Magarrell: Wolfe Publishing approached Allen last summer about the possibility of teaming up to build a rifle for them that they would promote in their magazine, newsletter and on their YouTube channel. Allen agreed and had two of his top Gunsmithing students build the rifle. Their YouTube host came to the shop and over three weeks filmed YC students building this rifle. The four videos are now running on YouTube, and this feature has helped market the YC Gunsmithing program. Rifle Magazine received so much great feedback from the build and would like YC to build another!

Division II

Ilene Roby: Ilene is a long-time Allied Health Adjunct and nurse; she has created her own business, LLC, to become a Nursing Assistant state test observer for Arizona. This opportunity has allowed her to bring invaluable experience and the most up-to-date information back to our Nursing Assistant program so we can continue to best prepare our students for their state certification/licensure exam.

Avery Liggett: Avery has spent countless hours bringing new innovative strategies into the Radiology courses that have elevated student learning and prepared them better than ever for their clinical experiences. Avery's efforts have garnered positive feedback from clinical agency partners about the quality of our students. Our adjunct instructors have enjoyed working alongside Avery's structure in the clinical skills labs.

Lauri Dreher: Lauri Dreher worked with the REDC and the SBDC on the Bellwether Award Finalist "Redefining Resilience: A pathway to Economic Empowerment."

Heather Leavitt: Did a math presentation for the FEC teachers, "The Importance of Early Learning in Mathematics," and one for the FEC parents, "Fostering a Growth Mindset."

Brandelyn Andres: Published, "The Maintenance of Female Sexual and Reproductive Health in the Prehistoric Aegean." She presented a paper at the International American School of Oriental Research Conference, "The Boat of Heaven Brings Bounty: Near Eastern Influence in Aegean Initiation Ritual."

Bryan Robertson: Co-authored "Creative Convergence: The AI Revolution in Art and Design," published by Springer Nature.

Division IV

Laraine Herring: Leading Psychology faculty. Retiring in August 2024 after 19 (!) years with YC. Her research and pedagogy very prominently feature work on loss and grief. Including the cover of the book seen here, this one Laraine wrote and illustrated, called *The Grief Forest: a book about what we don't talk about*. Laraine's dedication to students is summed up in the following quote: "Your lecture on "How We Don't Talk About Grief", was so moving to me I cried the whole way through (in a good way!)"

Steve Doyle: Leading Geology and Geography faculty and has been working at YC for over 25 years. Currently, Steve is helping to establish an Arizona Meteorological Network (AZMET) weather station at the Chino Valley campus. Other projects Steve is working on are converting both of the geography science courses, GEO 103 (Introduction to Physical Geography) and GEO 212 (Introduction to Meteorology), to 8- and 16-week Open Educational Resources (OER) courses.

Division V

Jeb Bevers: The annual Western Association of Vertebrate Paleontologists (WAVP) meeting was held on the YC Prescott campus February 16th - 18th, 2024. YC Science Professor Dr. Jeb Bevers organized the event. Attendees from eight states conducted talks and poster presentations on Saturday, February 17th. A field trip to the noted Milk Creek fossil site in Yavapai County was conducted on Sunday, February 18th.

YC's new Geologic Timewalk has opened adjacent to Building Four on the Prescott campus. Created by Dr. Jeb Bevers with help from Bryan Professor of Visual Arts and local artists, the time walk is a physical representation of geologic time from the Big Bang through today.

Dr. Kathleen Tallman, Assistant Professor of Anatomy, and colleagues have published an article in the HAPS Educator (December 2023) on applications of multi-dimensional learning modalities in anatomy. This article documents the successful classroom transition from cadaver dissection to library-based digital anatomy resources that can be used with no textbook-related costs for students.

OPERATIONAL POLICY STATEMENT

Volunteers are an important human resource for the College and may provide frequent and continuous assistance to the various instructional, support service, and administrative units when demonstrated needs exist. Volunteers do not receive compensation or employee benefits for the personal services they contribute to the College.

PROCEDURE [Copy Link](#)

The College volunteer and the applicable department will complete a Volunteer Services Information Form prior to volunteer status beginning. This document assures that the volunteer understands the nature of the work to be performed and that the College provides no compensation or employee benefits, except Workers Compensation, for serving as a volunteer.

Restrictions on Volunteers:

Volunteers will not normally be assigned to supervise or participate in high-risk activities. If such an assignment is authorized, a responsible full-time College employee must be present during all activities. Volunteers will not normally be issued keys to College facilities. A non-exempt College employee cannot also volunteer to perform the same type of services for which he/she is normally employed.

Supervisor Responsibilities: [Copy Link](#)

Supervisors will select volunteers who meet the minimum qualifications to perform the identified tasks. Supervisors will ensure that a Volunteer Services Information form is completed and sent to Human Resources when the volunteer assignment begins and again when the volunteer assignment is completed. Supervisors will ensure that volunteers receive applicable training, including an orientation to the general performance expectations of all College employees as outlined in Operational Policy 2.21. Supervisors will coordinate any required accounts, including telephone, email and portal, both at the start and at the end of a volunteer's assignment.

A volunteer's assignment is "at will" and may be terminated without cause or a statement of reasons at any time and without prior notice by a volunteer's supervisor or other College administrator.

The Vendor will defend, indemnify and hold harmless Yavapai College, its trustees, officers, employees, and agents, from any and all claims, demands, lawsuits or award of danger arising out of the Vendor's performance of the obligations, unless caused by the sole fault or negligence of Yavapai College.

Yavapai College Budget to Actual Status by Fund

February 2024

The President's Monthly report below provides a brief financial status of each of the District's five funds as of February 29, 2024.

Source: Monthly Revenue and Expenditure
Financial Reports

General Fund

As of February 29, 2024, the General Fund has a surplus of \$4,186,000. This is primarily the result of a significant amount of tuition and fee revenues being recorded for the spring 2024 semester and will even out over the next few months. In addition, interest income is exceeding budget by a large amount. This is a result of short-term interest rates being at a fifteen year high due to the recent Fed tightening.

For the fiscal year ended June 30, 2024, General Fund revenues are projected to be over budget by \$230,400 and expenditures are projected to be under budget by \$385,400 resulting in a net surplus of \$615,800.

Auxiliary Fund

As of February 29, 2024, the Auxiliary Fund has a surplus due to the collection of most of the spring 2024 semester room revenues. This will even out over the next several months. For the fiscal year ended June 30, 2024, the Auxiliary Fund is projected to be within budget.

Unexpended Plant Fund

As of February 29, 2024, the Unexpended Plant Fund has a surplus of \$154,500. For the fiscal year ended June 30, 2024, the Unexpended Plant Fund is projected to be within budget.

Restricted Fund

The Restricted Fund, which accounts for federal, state and private monies, includes expenditures that are restricted to the amount of grants or gifts received and which do not exceed the grant award or gift received. Restricted Funds are primarily driven by federal financial aid which will fluctuate depending on the financial needs of our students. As of February 29, 2024, the Restricted Fund has a modest surplus and is expected to be within budget for the fiscal year.

Debt Service Fund

The Debt Service Fund accounts for the monies used to pay the interest and principal on the District's long-term bonds. College debt is at fixed rates of interest—as of February 29, 2024, there were no variances from budget.

Yavapai College Cash Reserves February 2024

The President's monthly report on cash reserves below displays the District's reserves at February 29, 2024, in relation to the District Governing Board's (DGB) reserve requirements.

Source: Banner Finance

Current Fund Reserves shall not drop below seventeen percent (17%) of the operating budgets.

As of February 29, 2024, Current Fund reserves have exceeded the DGB's reserve requirements.

Plant Fund Reserves shall not drop below eight percent (8%) of the operating budgets.

As of February 29, 2024, Plant Fund reserves have exceeded the DGB's designated reserve.

2. Study Session
 - a. Overview of Arizona Economy – Dr. George W. Hammond, Director of the Economic and Business Research Center – Eller College of Management at The University of Arizona - **INFORMATION AND DISCUSSION** {Time: 45}

Dr. George Hammond presented an overview of the state's economy, noting that while job growth in Arizona is increasing, it's slower than the US average. Inflation was also discussed, particularly in Phoenix, where it was rising faster than the national rate in 2021 but has begun to decelerate by the end of 2022. This segment also covered the job market, noting significant losses during the pandemic and subsequent recovery, with the strongest growth in private education and health services, and the slowest in trade, transportation, utilities, and manufacturing. The definition of 'unemployed' and the impact of the pandemic on wage growth was also discussed. The conversation discussed the shift towards a hybrid workplace model due to workers seeking more flexibility.

Dr. Hammond discussed the concept of a consumer price index, explaining that it's a weighted average of prices for goods and services that make up an average household's budget. He also highlighted the impact of global transportation costs on the supply chain and noted that overall price levels are still elevated from pre-pandemic levels. The discussion then shifted to the state of the housing market in Phoenix, Prescott, and Tucson, with a focus on median house prices and the Case-Shiller index. It was noted that both apartments and single-family homes saw significant price increases in 2021 and 2022, but the pace of growth has since slowed. The issue of housing affordability was also discussed. The most recent data from the third quarter of 2023 indicates that 21.7% of homes in Phoenix and 32.5% in Tucson were affordable to a family earning the local median income.

Dr. Hammond discussed the status of housing affordability in Arizona, noting that while it remains more affordable than some metropolitan areas, there has been a decline in affordability which impacts various aspects such as homelessness, taxable sales growth, and migration. Dr. Hammond also highlighted the trend of remote work and its potential impact on urban to rural transitions. Chair McCasland shared the college's plans to offer a bachelor's degree in business to support the local economy and foster entrepreneurship. The discussion also touched on the state of population growth in Arizona, with net migration becoming the primary driver, and the state of the labor market, indicating solid job growth and rising prices.

It should be noted that Secretary Kuknyo left the meeting at 9:57 a.m. during this presentation.

The Board considered Agenda Item 2.d at this time in the meeting to allow time for the presenter for Agenda Item 2.b to arrive.

- d. Receipt of the Yavapai College's Comprehensive Annual Financial Report (CAFR), Independent Auditors' Report on Internal Controls and Independent Auditors' Report on Compliance for Each major Federal Program – for the Fiscal Year Ended June 30, 2023 – Dr. Clint Ewell and Mr. Frank D'Angelo - **INFORMATION AND DISCUSSION** {Time: 15}

Mr. Frank D'Angelo discussed the successful completion of the financial audit and the ongoing Federal single audit and expansion limitation audit. The financial audit was completed without any findings, and no issues have been reported in the Federal single and expansion limitation audits so far. The ACFR would be submitted to the General Government Finance Officers Association for a certificate this will be the

24th year receiving it. The college's financial results were discussed, with a positive trend in unrestricted net assets, an increase in revenues from property taxes, interest income, and tuition, but a decrease in federal and state appropriations. The college ended the year with a cash reserve of \$42.3 million and a debt of \$3.5 million to be paid over the next four years. The financial composite index score was also discussed, which was 7.2 at the end of the last fiscal year, surpassing the NACUBO benchmark of 3.0. This segment also focused on pension liability, revenue bonds, and the retirement plan.

b. Environmental Scan Highlights for Fiscal Year 2023-2024 - Dr. Tom Hughes -
INFORMATION AND DISCUSSION {Time:15}

Dr. Tom Hughes presented an environmental scan of Yavapai County for 2023-2024. The presentation revolved around the demographic, economic, and educational landscape of the region, with a particular emphasis on the impact of an aging population. Dr. Hughes also highlighted the role of net migration in fueling the county's growth and the declining influence of school-aged children moving into the area. The challenges faced by students in Yavapai County, particularly those in the K-12 system and adult learners, were also discussed. Dr. Hughes identified a significant number of adults in the county who have some college education but no degree and could benefit from continuing their studies. This segment revealed that many residents face financial challenges, with the median household income lagging behind the state and nation. Dr. Hughes also highlighted the issue of homelessness and mental health challenges among students. He discussed the impact of the pandemic on the local economy and workforce, noting that only three industries had seen gains since the pandemic, but these gains were significant enough to offset job losses. Dr. Hughes also highlighted the importance of postsecondary education or higher for a living wage in the county, and discussed Yavapai College's strategic planning process for the upcoming fiscal year, with goals centered around belonging, living wage, adult learners, and delivery.

c. Yavapai College Finances for Fiscal Year 2024-2025 – Dr. Clint Ewell -
INFORMATION AND DISCUSSION {Time: 60}

Dr. Clint Ewell discussed the state budget, focusing on higher education funding, which has grown only 20% compared to K-12 education and public safety, both of which have seen significant increases. Dr. Ewell noted that Arizona universities receive ten times the recurring funds and three times the one-time funds from the state budget compared to Arizona community colleges. The meeting then shifted to discussing Yavapai College's budget. Half of the college's funding comes from property taxes, with the rest coming from tuition and fees, and federal and state governmental funding. Dr. Ewell emphasized the affordability of the college's tuition and fees, stating it is the second most affordable in the state. The discussion concluded with a mention of the potential unavailability of one-time state funds amounting to \$1.8 million in the next year.

Dr. Ewell discussed the budgeting system, which is divided into several funds and programs. The general fund covers operating expenses, while the auxiliary fund is for non-core educational activities. The college's budget is reported to the state or federal governments for benchmarking purposes. The budget is categorized by program, including instruction, academic support, student services, athletics, institutional support, facilities, and public services. The college experienced a significant increase in the capital budget due to the implementation of the capital improvement plan, which involves renovations and design work for various centers. The auxiliary budget also saw a 41% increase due to residence hall and food service expenses. Dr. Ewell discussed the college's budget allocation over the past five years, highlighting the addition of numerous positions, particularly academic advisors, in athletics, and information technology, and the expansion of the promise program. He also discussed the college's financial situation and resources allocation, including the importance of investing in instruction and student support categories. The college's strategic plan and budget were also discussed, with a focus on not chasing funds but securing grants that align with the mission. Board members then asked questions regarding the college's budget.

Mr. Hancock discussed the intention behind maintenance projects, whether it aims to replace existing equipment or modernize and expand capacity. He emphasized the need to understand the requirements across the campus and the impact of the work, including reliability, asset preservation, program improvement, economic operations, and safety code considerations. He highlighted the 10-year planning horizon and the need for a long-term funding strategy to avoid reactive maintenance. The presentation reviewed several charts and statistics that can be found in the Agenda Packet.

- c. Preliminary Capital Budget and Financing – Dr. Clint Ewell, Vice President of Finance – **INFORMATION AND DISCUSSION** {Time: 60}

Dr. Ewell explained that the capital budget plans are being presented early due to cash flow issues that will be considered by the board next month. Dr. Ewell discussed the pressing need to address capital budgeting amidst enrollment challenges and funding constraints, with a particular focus on the Health Science Center and the need to explore various funding avenues, including community support and potential partnerships. He also discussed the demand for space and the possibility of repurposing existing rooms in light of declining enrollments in higher education generally and a shift towards online and off-campus classes. The board requested clarification regarding the difference in on-campus student credit hours between 2020 and 2021 shown in the presentation, with an explanation that most coursework was online during COVID. Updates on various projects were given, such as the Prescott Campus Library, a new learning center, EV programming, a second CDL location, a fermentation building, acoustical improvements, and relocating ITS.

The Health Science Center project state funds have been pulled back by the state, and there's a need for immediate support for it due to local health provider needs. Options for funding the Health Science Center include delaying to the 2027 timeline or issuing a revenue bond, which might raise property taxes. There are efforts to secure more contributions for the Health Science Center, and the college is willing to consider sponsorship opportunities. Legislators and community figures are committed to the project despite funding challenges. Fundraising is crucial for the economic development of the community, and the college needs the assistance of the community.

There's a significant problem with student housing insecurity, as revealed by a housing survey. The college is actively searching for housing options for both the workforce and students, utilizing the housing opportunity index. Pilot studies on the Verde side for housing solutions were approved by the board, but there was a

disappointing response from both public service partners and students, with apartments remaining largely unrented. The need for more affordable housing options is critical. The RV park initiative has been successful, featuring new amenities and the acquisition of several RVs.

A small structure is being renovated into a studio apartment, and infrastructure is being developed at the Chino Center to support diverse housing types. Land near the airport has been purchased for signage and potential housing, and there's an opportunity to build at the Chino Center. Additional funds are required to advance these housing opportunities.

Dr. Ewell informed the board about the necessity of a 2% property tax levy increase for operations, consistent with planning, and proposed a total 4% levy increase to also support capital needs. Dr. Ewell proposed changes to capital cash flow assumptions, including bond renewals, adjusting the Health Science Center timeline, reducing grant and donation targets, and expediting housing expansion. He highlighted a maintenance budget increase, debt profile, inflation adjustments, and specific maintenance projects. He outlined equipment budget allocations, the capital improvement plan, and decisions regarding the use of existing spaces to avoid new capital investments. The presentation reviewed several charts and statistics that can be found in the Agenda Packet.

3. Board Business

a. Executive Session Protocol – Board Chair McCasland – **DISCUSSION AND DECISION** {Time: 15}

Chair McCasland discussed the importance of confidentiality and the protocols surrounding the handling of sensitive information. She emphasized that all written materials should be returned to the attorney after sessions and raised concerns about recording in executive sessions. Attorney Adams indicated that the sessions are not videotaped, but that discussions are recorded in the confidential meeting minutes. She also explained legal aspects and consequences related to recording conversations in executive session.

A proposal was made to add a statement to the board's procedures to explicitly prohibit recordings during sessions. This led to discussions about where to include such a statement, with suggestions in multiple places, including in policy, the Executive Session statement, or both. The other board members supported the motion, while there was a call for clarity on whether this would mean modifying existing policies or creating new ones. Chair McCasland suggested having staff determine the best locations for the statement in existing policies, and there was a consensus on the need to address audio and video recording specifics.

Chair McCasland moved, seconded by Member Bracety, to include a statement specifically about recording executive sessions in the Executive Session Confidentiality Statement and in board policy, and instructed the staff to determine the appropriate policy placement and language and bring the revision back to the board for approval. Motion carried unanimously (Ayes: McCasland, Kuknyo, Sigafos, and Bracety).

- xv. Yavapai College Summary of New Program Proposals (*Attached*)
 - 1. Legal Paraprofessional Certificate – Juvenile Dependency Concentration

Member Sigafos moved, seconded by Member Bracety, to approve the Consent Agenda with the exception of items b.i and b.xii, which were removed from the Consent Agenda for further discussion. Motion carried unanimously (Ayes: McCasland, Kuknyo, Sigafos, and Bracety).

Item 3.b.i: Member Sigafos indicated that at the last meeting, Mr. Payne made a great deal out of his comments regarding livestreaming meetings being omitted from the minutes. Member Sigafos indicated he thought Mr. Payne used him as an example of the desire for more complete minutes due to a presentation he had made over a year ago about including more detail in meeting minutes. Member Sigafos asserted that the minutes should reflect more than the absolute minimum of action on legal items taken by the board. He further indicated that he believed that Attachment A to the draft meeting minutes is not necessary or helpful. He gave the following two reasons for that: 1) In his opinion the original version of the minutes adequately reflected the discussion of his presentation including the two motions; and 2) Attachment A does not include the back-and-forth discussion among the board, especially the discussion on the second motion. He brought up that expanding the transcription to include the entire discussion would be a waste of time and energy of staff. Therefore, he believed that Attachment A should be removed from the final meeting minutes.

Member Sigafos moved, seconded by Chair McCasland, to approve item b.i with the removal of Attachment A from the minutes and renaming Attachment B to Attachment A after removal of the current Attachment A. Motion carried unanimously (Ayes: McCasland, Kuknyo, Sigafos, and Bracety).

Item 3.b.xii: Secretary Kuknyo asked whether the sabbatical requests included a description of what faculty were planning to do on their leave. Board staff confirmed that the sabbatical application, which was included in the Agenda Packet, included that information. Secretary Kuknyo indicated that he must have just missed it somehow. Ms. Sandoval indicated that it starts on page 143 of the Agenda Packet.

Secretary Kuknyo moved, seconded by Member Sigafos, to approve item b.xii 2024 Yavapai College Sabbatical Leave Request. Motion carried unanimously (Ayes: McCasland, Kuknyo, Sigafos, and Bracety).

4. Adjournment of Board Regular Meeting: Procedural - **DECISION** {Time: 1}

Member Sigafos moved, seconded by Secretary Kuknyo, to adjourn the Workshop. Motion carried unanimously (Ayes: McCasland, Kuknyo, Sigafos, and Bracety).

Regular Meeting adjourned at 3:51 p.m.

Respectfully submitted:

COMMENTS:

Tuition and Fees revenues above budget due to a significant amount of the spring 2024 semester being recorded. This will even out over the next few months.

Third quarter State appropriations were received in January 2024.

The State Appropriation - Rural Aid budget was based upon the Governor's proposed budget, however, it was decreased by \$569,600 during budget negotiations. This occurred after the District's budget was passed.

Interest income is exceeding budget by a large amount due to short-term interest rates being at a fifteen year high (Fed tightening).

Institutional Support expenditures above budget due to the payment and or encumbering of various expenses at the beginning of the fiscal year (e.g. insurance, software licensese, IT maintenance, dues, etc.)

Scholarships at 77.6% of budget due to spring 2024 financial aid awards being made. This will even out over the next few months.

The Budget currently has a surplus of \$4,186,029.

- 1** - Salaries increased due to annual compensation increases, market compensation increases, and the addition of several new positions.
- 2** - Benefits increased primarily due to compensation increases, new positions and higher tuition/fee waiver benefits due to the new bachelor's program. When new positions are added YC pays more in medical premiums, FICA (7.65%) and retirement (12.29%). In regards to existing position market adjustments and compensation increases, YC is required to pay FICA (7.65%) and retirement (12.29%) on those amounts.
- 3** - Change mainly due to timing differences with the prior year and will get closer to being flat by the end of the year.
