

PROFESSIONAL LICENSURE BY STATE

Updated June 2023

Yavapai College, in compliance with 34 CFR §668.43 has made a good faith effort to whether a degree or certificate program meets academic requirements for professional licensure or certification outside of Arizona. The table below lists YC programs and states where the curriculum meets professional licensure requirements, where it does not meet professional licensure requirements or is undetermined if the curriculum meets professional licensure requirements. Licensure and certification requirements are set by agencies not controlled by or affiliated with Yavapai College. These requirements and state laws, regulations, and policies can change at any time. If a program does not meet or is undetermined, you may contact the Board in each state for more information.

PROFESSIONAL LICENSURE BY STATE

Updated June 2023

Additional information regarding professional licensure for each program can be found at:

- Aerospace Science TBD
- Assisted Living Facility Caregiver <https://www.ahcancal.org/Assisted-Living/Policy/Pages/state-regulations.aspx>
- Commercial Driver Training <https://netts.com/cdl/cdl-transfer-state-state/>
- Emergency Medical Services <http://www.nremt.org>

At completion of Yavapai College EMT or Paramedicine certificate, students can take the National Registry of EMTs (NREMT) written test. NREMT is the national license organization for Emergency Medical Services. YC will conduct the psychomotor test. Once students pass the EMT course and the NREMT test (both written and psychomotor) they receive their NREMT Basic license which allows them to go to any other state in the nation to work as an EMT.
