

YC mail setup on an iPhone while at a YC campus (this is recommended).

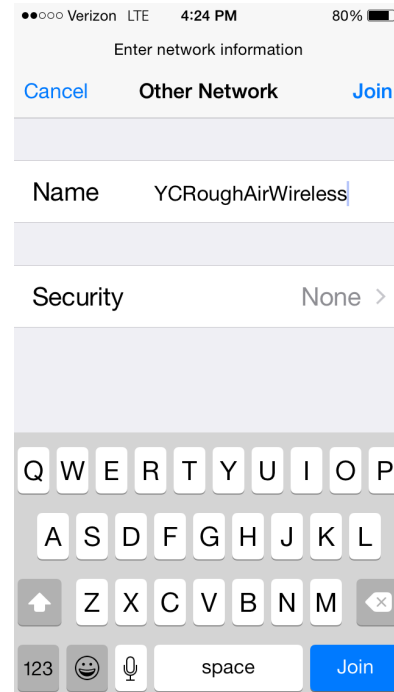

At home, skip to step 5, but make sure you are connected to the internet first.

1. Open **Settings**

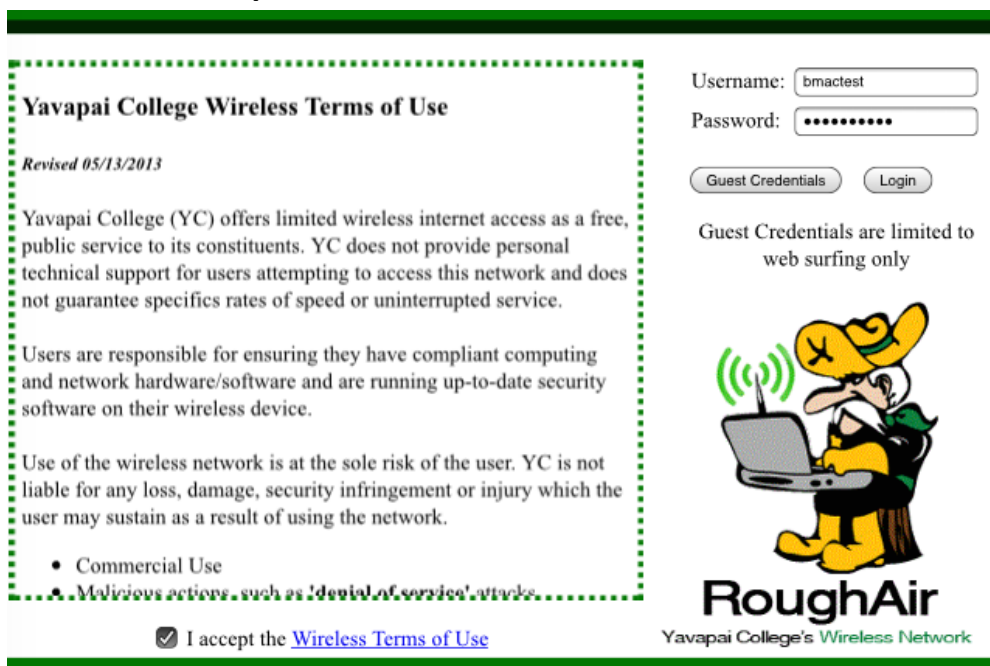

2. Turn on **WiFi**

3. Name & Join YCRoughAirWireless (Leave security as is.)

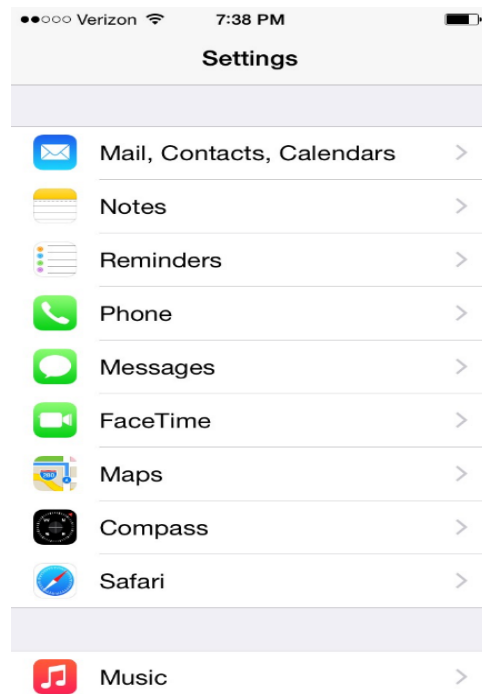

4. Check “I accept The Wireless Terms of Use”

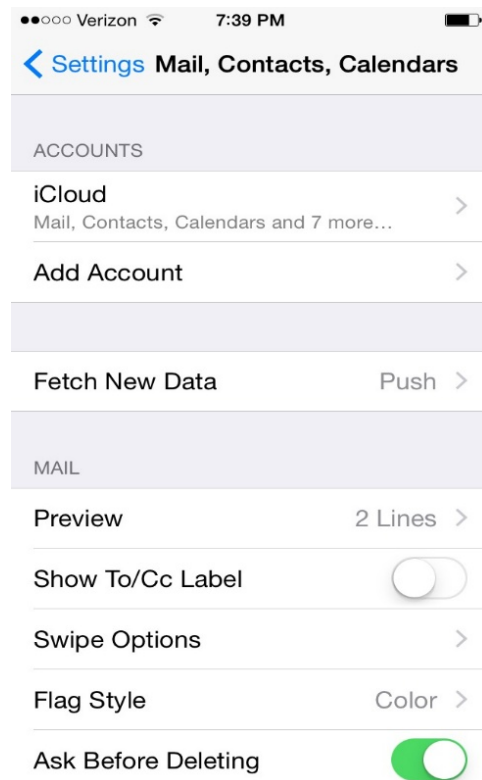

Enter your **YC Username & Password**** then select **Logon**

(Then, with browser, go to www.hp.com to confirm the internet is working.)

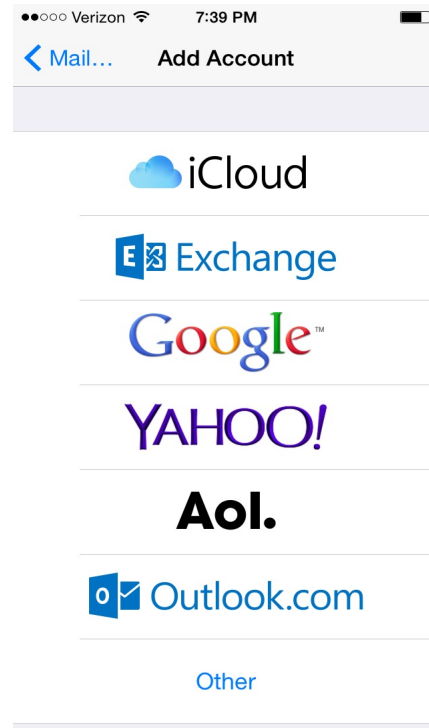

5. Go to Settings: Scroll down and select **Mail, Contacts, Calendars**

6. Select **Add Account**

7. Select **Exchange**

8. Enter your **YC email address & password****

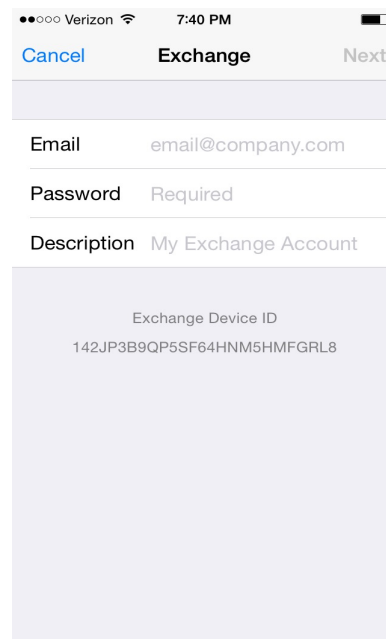

Press **Next**

email EXAMPLES

Students: YourUserName@scholar.yc.edu

Adjunct Faculty: YourUserName@instructor.yc.edu

Faculty & Staff: FirstName.LastName@yc.edu

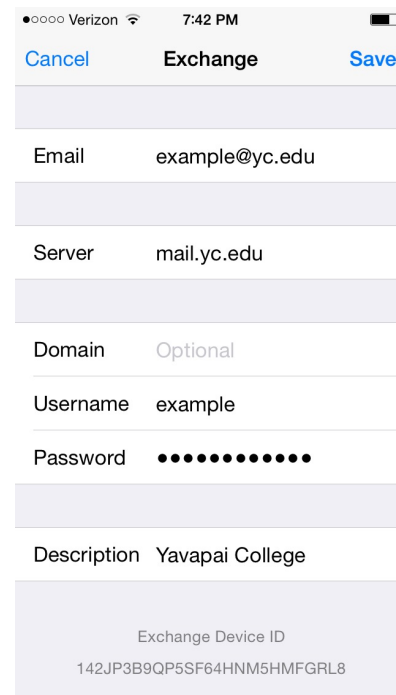

9. Enter your **YC email**

In **Server** field enter **mail.yc.edu**

Enter your **YC Username & Password**** (domain is yc.edu)

Select **Save**

Cancel Exchange Save

Email example@yc.edu

Server mail.yc.edu

Domain Optional
