## Yavapai College

## I. Introduction

In spring 2006, a survey was conducted measuring student interest physical education and outdoor recreation courses offered at Yavapai College. Those polled included both current and former physical education students. A total of 372 surveys were completed, representing a $20 \%$ response rate.

## II. Method

The survey questions were developed by Yavapai College's Institutional Research department and administered to a selected list, provided by the college's registrar's office, of more than 1,800 current and former students. Included with the mail version of the survey was a link to an on-line version of the survey. Of the total 372 respondents to the survey, only 25 (7\%) took advantage of the on-line survey.

## III. Demographic Profile

Respondents were primarily over the age of 35 ( $94 \%$ of respondents) and female ( $75 \%$ of respondents). More than one-half of the respondents were over the age of 60 (52.1\%).

| Respondent Demographics | $\mathbf{N}=$ | \% |
| :--- | ---: | ---: |
| Gender |  |  |
| Male | 90 | $25.0 \%$ |
| Female | 270 | $75.0 \%$ |
| Age |  |  |
| 17 to 24 | 1 | $.3 \%$ |
| 25 to 34 | 151 | $5.8 \%$ |
| 35 to 59 | 188 | $41.8 \%$ |
| 60 or older | $52.1 \%$ |  |

## IV. Level of Interest and Participation

Students surveyed were asked to provide their level of interest and level of participation in specific outdoor recreation courses.

The courses of most interest to more than half of the respondents include:

- Hiking - 65.6\%
- Yoga-64.4\%
- Aerobics - 68.2\%
- Swim fitness/competitive swimming - 53.3\%
- Aqua fit/water cross training - 66.5\%
- Weight training - 75.3\%
- Fitness training - 77.8\%

While the respondents indicated strong interest in specific courses, their current level of participation was low in many cases.

| Courses | Level of <br> Interest |  | Level of <br> Participation |  |

| Overnight trips (8-10 days) | 19 | $5.4 \%$ |

Results exceed $100 \%$ due to multiple choice options.

In terms of frequency, more than eight out of ten preferred that the class meet all semester (15 weeks).

| Preferred Course Length | $\mathbf{N}=$ | \% <br> of <br> Cases |
| :--- | ---: | ---: |
| All semester (15 weeks) | 286 | $81.5 \%$ |
| Short semester (10 weeks) | 130 | $37.0 \%$ |
| Short intensive course (less than 10 weeks) | 81 | $23.1 \%$ |

Results exceed $100 \%$ due to multiple choice options.

## VIII. Comments from Respondents

Comments collected from survey respondents are provided under separate cover.

## IX. Concluding Statement

Both Yavapai College enrollment and respondent demographics support a predominately female audience for physical education and outdoor education courses. In terms of age, more than two-thirds are over the age of 40 years. Close to one-half (48.9\%) of the respondents self identified their level of activity as moderate (one to three times per week).
