We live in interesting times – times of rapid change, instant news, worldwide events transmitted to us in real time. Times our grandparents might find challenging to comprehend. Technology enables people to communicate without family visits or even picking up a telephone. Yet, despite the wonders of technology, studies show more people than ever feel alone. This is not an age related occurrence, but happening across generations. Those of us who have found and take advantage of our local OLLI program at Yavapai College know and understand the benefits of being together with our peers to combat that alone feeling. It is the face-to-face interactions that create a culture and add value to our lives. I didn’t fully appreciate the ‘we are a peer-to-peer learning based organization’ until my first OLLI class. I’ve taken many college courses, but nothing like the group interaction in that (and subsequent classes).

Whether you are a class contributor or quiet observer, you are there listening, absorbing, and belonging to the group. For many, OLLI fills an important role in keeping them active and engaged in the community and working with others. In this regard OLLI is a ‘people business.’ We enjoy one of the most successful OLLI programs in the country. We derive our ideas from the community; OLLI thrives in Yavapai County because of the community member involvement.

In future articles we will cover some of the volunteer opportunities for those interested in participating, but for today, please ask yourself if someone you know could benefit from the camaraderie of participating in an OLLI course or workshop. Prescott OLLI welcomes guests and we have a “Bring a Friend to OLLI” campaign to allow your friends to see us in action during the third week of classes, space allowing.

YC-OLLI Mission
OLLI’s mission as a peer-directed organization within Yavapai College is to provide lifelong learning and social interaction opportunities. Talents, experience, and skills are shared in a relaxed environment to explore new interests, discover and develop latent abilities, engage in intellectual and cultural pursuits, and contribute to a rapidly changing multicultural and multigenerational society.

YC-OLLI Vision
OLLI will continue to recognize the individuality of its members by emphasizing and expanding peer learning and social interaction. OLLI will:

• Function as a “knowledge exchange” in which we utilize, appreciate, and recognize the time and talent of our members as planners, facilitators, organizational officers and committee members
• Provide a wide variety of learning groups, workshops and forums, as well as social and cultural events
• Serve as an important resource and forum for the discussion of current issues and concerns of its members and the community
• Incorporate current and future technologies into our offerings to enhance the convenience and enjoyment of class participants
• Expand our OLLI interaction both nationally & internationally

Learning groups are available only to OLLI members.
They are held on the Yavapai College Prescott Campus unless an alternative location is listed. Please check your group’s location.

---

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.

Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.
Munch & Learn:

A) Munch and Learn: 
Ten Airplanes
Thurs, 11/1, 12:30-2pm
Bldg: 4, Rm: 102 Limit: 100
Facilitator: Rudy Arena*

Dr. Billie Crisler is the Professor of Aerospace Engineering at Embry-Riddle Aeronautical University where he teaches aircraft design and computer aided design (CAD). His interesting talk is about the ten airplanes that should have been made, but were not. Unfortunately, these airplanes, which were outstanding, innovative, and had the ability to make history-changing aircraft designs, were overcome by outside politics, economics and historical events.

B) Munch and Learn:
Adventure Travel with
Chris Maxwell
Thurs, 11/8, 12:30-2pm
Bldg: 3, Rm: 119 Limit: 100
Facilitator: Rudy Arena*

Have you ever wondered what the Maxwells do when they aren't facilitating or attending OLLI classes? Tag along with Bill and Chris while they, and you, visit Patagonia, a semi-arid region in Argentina and Chile. Chris will share her photos and stories of their visits to Buenos Aires, Iguassu Falls, Ushuaia, Tierra del Fuego, various Islands including Easter Island, glaciers, mountain ranges, and National Parks. Regions many of us will never see except in photos.

C) Munch and Learn: 
Investments
Thurs, 11/15, 12:30-2pm
Bldg: 3, Rm: 119 Limit: 100
Facilitator: Rudy Arena*

Bring your questions on investments to this OLLI members talk. No selling, no trickery, no money will change hands. Bill Miller will present information about fund distributions from IRA’s, including what you must do when you reach age 70.5. Before retiring Bill and his wife Carol owned and managed three retail stores. Ken Appletree retired from his CPA practice in Erie, PA in 2008 to do volunteer work, and will summarize the impact on seniors contained in the new tax law. Paul Giventer had good grounding since both his father and grandfather were investors and gave him their knowledge. He will explain the differences between common and preferred stocks, bonds, ETF's, mutual funds, municipal bonds and annuities. Bring your general questions, no specifics.

D) Munch and Learn: 
Yarnell Hill Fire Tragedy
Thurs, 11/29, 12:30-2pm
Bldg: 3, Rm: 119 Limit: 100
Facilitator: Rudy Arena*

Come meet and listen to Diane J. Helm tell the story of the fire which occurred on June 30, 2013, in a box canyon, at the base of a boulder canyon, on state land, 1/3 of a mile from the Helm property. On that day the Granite Mountain Hotshots were forced to deploy their fire shelters. The Helm property had been designated a safety zone for the firefighters the night before, but the Hot Shots didn’t have time to get there. Once the winds died down, a helicopter located the remnants of the Hot Shots’ fire shelters.

E) Munch and Learn:
Manage your New Lifestyle by Downsizing
Thurs, 12/6, 12:30-2pm
Bldg: 3, Rm: 119 Limit: 100
Facilitator: Rudy Arena*

Someone who has lived a full life can unintentionally accumulate a high volume of sentimental possessions. When you or your loved one decides it is time to move into a smaller, more convenient home, you may find yourself overwhelmed by the amount of “stuff” you have accumulated. You know it is not just stuff, it is the accumulation of a lifetime of living: it is years of memories, keepsakes and traditions. Let Fawn Duns, owner of “Caring Transitions,” help modify your transition with ideas and help in prioritizing your belongings.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.
Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.
F) New Member Orientation
Wed, 10/24, 10-11am
Bldg: 31, Rm: 101  Limit: 30
Facilitator: Barbara Lake
Want to know more about OLLI? Join us to learn about our history, committees, curriculum, and all the fun things we do at OLLI! Missed orientation when you first joined? You are welcome any time!

G) Thinking about Facilitating for OLLI?
Thurs, 11/8, 10-11am
Bldg: 31, Rm: 101  Limit: 15
Facilitators: Tricia Berlowe, Deb Dillon*
Join us in this free workshop that will present an overview of the teaching/facilitation process for OLLI. We will cover the simple process of how to develop and submit a proposal, as well as review ideas for future OLLI learning groups. Learn about resources available for facilitators, including mentoring, co-facilitating, and training.

H) Day of the Dead
Mon, 10/29, 10am-3pm
Bldg: 30, Rm: 126  Limit: 12
Facilitator: Patricia K. Beitel
Day of the Dead is a celebration honoring those who have gone before us. Its a great way for families to have a relationship with their own ancestors. Its roots are based in Mexico and is practiced in the United States. We will make skulls and learn about the “altars” made to order. We will have an opportunity to share our altar at the Smoki Museum. Please join me at my workshop. I will provide the art supplies. Please bring $10 for supplies.

I) Making Envelope and Blank Cards
Tues, 11/27, 1:00-3:30pm
Bldg: 31, Rm: 102  Limit: 13
Facilitator: Dennis Brydon
Learn to make custom envelopes and blank cards for all occasions. Students are required to bring a 12” ruler, but the instructor will provide the tools and materials for students to make 4-5 envelopes and blank cards in class.

J) Whiskey Row and the Big Fire of 1900
Thurs, 12/13, 12:30-2pm
Bldg: 3, Rm: 119  Limit: 100
Facilitator: John Krizek
The catastrophic fire that swept through downtown Prescott in July, 1900 changed the town forever and led to a wealth of legends tied in with the rebirth of the Whiskey Row that is a primary tourist attraction to this day. This special program features the Prescott History Hour documentary broadcast on Channel 64, based on Brad Courtney’s newest book on the history of Whiskey Row.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.
Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.

K) Estate Planning: It’s an Art Not a Science
Thurs, 11/8, 2:30-4:30pm
Bldg: 30, Rm: 126     Limit: 20
Facilitator: Angela Walker-Weber

Have you considered leaving a planned gift, bequest to OLLI, a scholarship for Yavapai College students, or another charity close to your heart? The gifts don’t have to be huge, and there are a number of tax-advantaged planned giving techniques you might consider. Leaving a legacy is easy to do. Prescott area estate planning professional, Angela Walker-Weber, will be on hand to discuss all the options that are available.

Tech Topics:
L) Tech Topics: Introduction to Linux
Thurs, 11/01, 2:30-4:30pm
Bldg: 19, Rm: 215     Limit: 32
Facilitator: Vince Claude

This is a 2-hour introduction to Linux. What is Linux? Why would I want to make the change? We will take a tour of the system, pointing out similarities and differences between operating systems such as Windows and Apple. There are some great advantages to switching to Linux - an idea at least worth exploring!

Thurs, 11/08, 2:30-4:30pm
Bldg: 4, Rm: 102     Limit: 60
Facilitator: Ray Carlson

As the elections approach, attention will be focused on dramatic news stories that may or may not be reasonably accurate. A number of websites present analytical tools developed to help assess the validity of the news we encounter. This session will review the methodology suggested in several of these websites and the likely usefulness of applying their recommendations. Emphasis will be given to debunking intentional fabrications, but the challenges of exaggeration and unverifiable content will also be addressed. Efforts to limit the role of social media in spreading inaccurate information will be delineated. The goal will be to help the participants improve their ability to evaluate “news” while recognizing that “truth” is an elusive, possibly unrealistic, but worthwhile, target.

N) Tech Topics: Become an Internet Search Expert
Thurs, 11/15, 2:30-4:30pm
Bldg: 19, Rm: 215     Limit: 32
Facilitator: JB Burke

The internet contains a vast store of information, some of which is priceless and some of which is worthless. And there are many ways to search, some more effective and safer than others. Learn how to efficiently find what you are looking for and how to differentiate the good from the bad in your results.

O) Tech Topics: Password Manager
Thurs, 12/6, 2:30-4:30pm
Bldg: 19, Rm: 215     Limit: 32
Facilitator: Vince Claude

What is a password manager? Why you need one? We will go step-by-step to help you set up a password manager.

Important Dates

Fall 2  Oct 29-Dec 14
Holiday Brunch  Dec 1
Spring 1  Jan 28-Mar 8
Spring 2  April 1-May 10

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.
Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.
1) Beginning Guitar Pt 2
Tues, 10/30-12/11 (no 11/20), 12-2pm
Bldg: 30, Rm: 126  Limit: 12
Facilitator: Mark Dillon
This Learning Group is a continuation of the “Guitar for Absolute (and almost) Beginners”. If you’ve taken a beginner’s class at OLLI before, and want to keep learning, this is for you! We’ll continue with more chords, more strums, and only a little more music theory. It’s about having fun and playing more music. Practice between weeks will be expected. If interested, start working on what you remember and come ready to make music.

2) Music 20-21
Fri, 11/2-12/14 (no 11/23), 12-2pm
Bldg: 3, Rm: 271  Limit: 30
Facilitator: Nancy Dubow
Our musical journey continues with concert programs drawn from music of the 20th and 21st centuries. Composers include Respighi, Kyri, Shostakovich, Pigovat, Tabakova, Vaughan Williams, and more. Links to articles of interest, program notes, and similar will be posted on the website to enhance your musical enjoyment and growth.

3) Laugh Out Loud Movies Pt 2
Wed, 10/30-12/11 (NO 11/20), 9-11am
Bldg: 4, Rm: 102  Limit: 45
Facilitator: Saul Fein*
Not for the weak of heart, open up your mind and come laugh with us! When we really need laughter, here are the movies for you! Laugh from beginning to end as we see six new comedies: Bananas, The Jerk, Animal House, The Bird Cage, My Cousin Vinny and The Pink Panther.

4) The Duke
Wed, 10/31-12/12 (no 11/21), 2:30-5pm
Bldg: 4, Rm: 102  Limit: 45
Facilitator: Suzanne Stock
Of course that means John Wayne, aka Marion Morrison, famed actor of 169 feature-length films over a 50 year career. We’ll begin with a biography that details Duke’s career, personal life, politics, cancer battles and awards and legacies. Then we’ll see a picture for each decade, beginning in 1939 with Duke’s big break, Stagecoach, directed by life-long friend John Ford. We’ll conclude with Duke’s last film, The Shootist, made in 1976, and often considered autobiographical, which co-stars Jimmy Stewart, Lauren Bacall, and John Carradine. Join us to see a legend in a few of his blockbuster films.

5) Some Special Films You Might Not Have Seen
Tues, 10/30-12/11, 2:30-5:00 pm
Bldg: 31, Rm: 101  Limit: 30
Facilitator: Mel Shutz*
Ladies take the lead in these dramatic movies, as principal characters who fight back against overbearing fathers, mental instability, unrequited love, murderous husbands, societal disgrace, the anguish of aging and more. The films were released from the late 1940s to the turn of this century. These are some of my “stranded on a desert island” choices, selected for innovative story lines, outstanding performances, great cinematography, memorable music scores and/or creative direction. Can you guess the titles? Share your own less familiar favorites and maybe we will do another class in the future.

6) MURDER, She has Written: Agatha Christie Filmed Pt 2 of 2
Thurs, 11/1-12/13 (no 11/22), 2:30-5:00 pm
Bldg: 31, Rm: 101  Limit: 30
Facilitator: Mel Shutz*
Dame Agatha’s novels and short stories have been filmed for more than seventy years. Her two most popular protagonists, Miss (Jane) Marple and Hercule Poirot have been portrayed by many actors on film and TV. David Suchet has played Poirot in dozens of TV episodes to great acclaim. The esteemed Helen Hayes was seen as Miss Marple on three forgettable TV movies, we won’t be seeing. Margaret Rutherford and Peter Ustinov will be back with their humorous take on Marple and Poirot. Once again, we’ll see if we can solve the crime, most often murder, before the sleuths themselves.

7) The Movies of Raymond Chandler
Mon, 10/29-12/10 (no 11/12), 9-11am
Bldg: 31, Rm: 101  Limit: 30
Facilitator: Jim Veney
Raymond Chandler wrote seven novels, six of which were made into movies. This series of sessions will view and discuss the movies of Raymond Chandler beginning with his first novel, The Big Sleep.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)
8) Viewpoints (Kangal)
Fri, 11/2-12/14 (no 11/23), 2:30-4:30pm
Bldg: 31, Rm: 101 Limit: 15
Facilitators: Y. “Turk” Kangal*, Jack Wilson
Aristotle said, “It is the mark of an educated mind to be able to entertain a thought without accepting it.” No idea, belief, or opinion is out of bounds. However, not to allow one to express his or her thought is. Let us have a lively, entertaining and most of all, informative discussion.

9) Foreign Affairs: Off the Headlines
Fri, 11/2-16, 12/7-14, 12-2pm
Bldg: 31, Rm: 101 Limit: 25
Facilitator: John Lowe
Ad hoc conversations about current Foreign Affairs. Mainly, we will focus on a free-ranging look at lesser-reported topics off the headlines, missed events, and issues fallen through the cracks. We will explore the issues together by interactive Facilitator-led discussions. Join the conversation and express your opinions. Note: no class 11/30.

10) TED Talks
Fri, 11/9-12/14 (no 11/23, 12/7), 12-2pm
Bldg: 3, Rm: 119 Limit: 75
Facilitator: Chris Maxwell*
TED (originally devoted to Technology, Entertainment and Design) is a nonprofit devoted to spreading ideas, usually in the form of powerful talks lasting less than 18 minutes. Since its inception in 1984, TED’s scope broadened to include a wide range of topics, from science to business to global issues. As a global community, TED believes in the power of ideas to change attitudes, lives, and ultimately, the world. To make great ideas accessible and spark conversation, thousands of talks are available for free on their website (www.ted.com). Each week we will view an assortment of thought provoking, innovative, or inspiring talks followed by a lively class discussion. Note: the learning group will start one week late, and skip 12/7.

11) Capitalism vs. Socialism: Comparing Economic Systems
Tues, 10/30-12/11 (no 11/20), 9-11am
Bldg: 31, Rm: 101 Limit: 30
Facilitator: Donna R. Larson
Prof. Edward Stuart, an economist specializing in international economics and Russian and Eastern European Studies, explains the key insights of Adam Smith, the first great economist, and Karl Marx, the chief critic of the capitalist system and the first major proponent of a socialist system. Stuart looks into and contrasts the histories of nations as well as the ideas of John Maynard Keynes and Milton Friedman. He explains the conflict between the arguments for and against active government intervention in a market economy.

12) Understanding Grief
Tues, 10/30-11/20, 10-11:30am
Bldg: 30, Rm: 126 Limit: 12
Facilitator: Susan M. Drysdale
Grief is a universal experience occurring in every life. Therefore, this class is useful whether you are in the midst of grieving a loss or realize that the information will be helpful in the future. Grief can result from various types of losses including the death of a loved one as well as various transitions such as retirement, divorce, moving to a new location, etc. This class will cover normal and complicated grief reactions, as well as the reasons for the latter. Grief tasks, steps, stages, and coping skills will be discussed. The class will be experiential as well as educational. There will be opportunities to share if so desired. Most importantly, the individual nature of the grief experience will be stressed. Susan Drysdale, PhD, has 28 years of experience in the field of mental health.

13) Welcome to the Plant-Based Diet
Thurs, 11/15, 11/29, 12/6, 2:30-4:30pm
Bldg: 31, Rm: 102 Limit: 24
Facilitator: Pam Gordon*
There’s nothing wrong with a meat-based diet other than calories, cholesterol, cancer, diabetes, high blood pressure, inflammation, and life-threatening pathogens from contaminated meat. There is a better way and it is easier and tastier than you might think. We will discuss easy ways to better nutrition, learn about alternatives and substitutions, taste new foods, demonstrate cooking techniques, and check out herbal reference books to find out how to cure (or at least improve) whatever ails you. Join us as we enjoy the age-old pleasure of playing with our food.

14) Armchair Adventures
Mon, 10/29-12/10 (no 11/12), 12-2pm
Bldg: 4, Rm: 102 Limit: 60
Facilitators: Barbara Brown*, Nancy Jackson
We’ll travel the world without passports, expense, long airport lines or fatigue. Let’s explore cultures, history and do lots of sightseeing on this wonderful planet of ours. We’ll see new places every session.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.
Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.
15) Prairie Muse: The Life and Works of Willa Cather  
Mon, 10/29-12/10 (no 11/12), 12:30-2:30pm  
Bldg: 19, Rm: 225  Limit: 30  
Facilitator: Sandra Bennett  
A celebration of the life and works of this Pulitzer Prize-winning novelist who gave voice to the settlers of the western plains. Students will read two of her novels, O Pioneers and My Antonia and view films of O Pioneers and Song of the Lark.

16) Masterpieces of Short Fiction Pt 2 of 2  
Tues, 10/30-12/10 (no 11/20), 8:30-10:30 am  
Bldg: 19, Rm: 208  Limit: 25  
Facilitators: Vaughn Delp-Smith*, Vicky Cook  
Whatever you love most to explore about classic short stories, plot, characters, theme, or style, join this learning group for DVD lectures by Prof. Krasny from San Francisco State followed by your input and lively class discussion. You will read/download the stories from the internet (or paper copies) and hear critical evaluations of classics by these authors: Jackson, O’Conner, Marquez, Malamud, Baldwin, Kingston, Atwood, Updike, Gordimer, Paley and Carver. Join us to find out what critics think and how you interpret these world classics. Part 1 participants have first choice, but you don’t need to have been in part 1 to participate.

17) Women of Imagination: Mary Shelley and Ada Lovelace  
Wed, 10/31-12/12 (no 11/21), 12-2pm  
Bldg: 19, Rm: 224  Limit: 24  
Facilitators: Carol Hammond, Susan Gerhart  
Celebrate the 200th anniversary of Mary Shelley’s Frankenstein. Learn why you should celebrate Ada Lovelace Day. These Victorian women of great talent never met but their lives were intertwined in an age of social and scientific change as Romanticism clashed with the Industrial Revolution. Learning Group includes: class discussion, background on the people who influenced them, readings from the 19th century, YouTube, and a viewing of Frankenstein. Recommended readings: Frankenstein; or, the Modern Prometheus (free online from the Project Gutenberg).

18) Exodus: Cultural and Historical Perspectives  
Mon, 10/29-12/10 (no 11/12), 2:30-4:30pm  
Bldg: 3, Rm: 271  Limit: 25  
Facilitator: Becky Gunn  
Exodus is the second book of the Torah, or Pentateuch, and is the functional beginning for the nation of Israel. It is important to understand the cultural and historical perspectives of Exodus so that we can assess its religious as well as secular foundations. Using a diverse selection of English translations of Exodus we will examine how various translations of the text impact how we might interpret the stories in Exodus. Each participant will be asked to bring any Bible to class, no matter what translation. This is not a religious examination, but rather one that looks at the sources, history and cultural implications of the text. Format will include lecture, readings, and discussion.

19) Asian Religions and Philosophy Pt 3 of 4  
Fri, 11/2-12/14 (no 11/23), 9-11am  
Bldg: 3, Rm: 205  Limit: 30  
Facilitator: Al Robinson  
This is an introductory learning group in the philosophies and religions of South and East Asia. We will be discussing aspects of Confucianism, Taoism, Hinduism, Buddhism, Shinto, and other faiths, as well as the practices and teachings of these Asian philosophies. The purpose is to develop an appreciation for the salient features of these faiths and the philosophical concepts that accompany them. No prerequisites are required, but some reading will be helpful. The group is informational rather than judgmental.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)
20) The Galapagos Islands and Charles Darwin
Mon, 10/29-12/10 (no 11/12), 12-2pm
Bldg: 19, Rm: 224  Limit: 15
Facilitator: Charles Stroh
An introductory look at the Galapagos Islands and the role the islands played in the theories of Charles Darwin. We will look at the environmental conditions that created the islands, the living creatures that inhabit the islands, and what Darwin learned from his visit regarding natural selection.

21) America and the World: A Diplomatic History Pt 2
Tues, 10/30-12/11 (no 11/20), 12:30-2:30pm
Bldg: 3, Rm: 205  Limit: 35
Facilitator: Claxton E. Lovin
In barely more than two centuries, the United States evolved from a sparsely settled handful of colonies into the most powerful nation in the world. Review and learn how such an implausible metamorphosis occurred.

22) The History of the United States Pt 2 of 3
Wed, 10/31-12/12 (no 11/21), 9-11am
Bldg: 19, Rm: 215  Limit: 35
Facilitator: Claxton E. Lovin
A look at the history of the United States from European settlement and the Revolutionary War to the Civil War, 19th century industrialization, world wars, and today's outlook. A picture to the Civil War, 19th century industrialization, European settlement and the Revolutionary War.

23) Sir Winston Churchill: Soldier, Writer, Painter and Leader Pt 1 of 2
Wed, 10/31-12/12 (no 11/21), 12-2pm
Bldg: 4, Rm: 102  Limit: 60
Facilitator: Dave Rothgery
In Part 1, you will learn why Sir Winston Churchill is acclaimed “greatest leader of the 20th century.” In this first of 2 sessions on Churchill we will focus on Churchill’s early life including his education, his early military experiences and his capture and escape during the Boer War. We will also cover his time in the trenches during WWI through his Wilderness Years leading up to the start of WWII. The Great Courses DVD series on Churchill will include a lecture on the Dardanelles Campaign. We will also watch the movie Young Churchill, which is based on his autobiography as well as the movie Churchill’s First World War. Part 2, offered in Spring 1, will cover Churchill’s life from 1938 through his demise.

24) Late Middle Ages Pt 2 of 2
Tues, 10/30-12/11 (no 11/20), 12-2pm
Bldg: 19, Rm: 215  Limit: 30
Facilitators: Helen Gater, Donna Larson
The Late Middle Ages, the two centuries from 1300 to 1500 c.e.: were they an era of calamity or an era of rebirth? Were they still clearly medieval or one in which humanity took its first decisive steps into modernity? Was it a period as distant from us as it appears, or was it closer than we suspect? Professor Daileader creates vibrant pictures of the ages major events, personalities, and developments in this age of extremes: disease, war and religious turmoil; Humanism and a new way of thinking; inventions and discoveries that changed the world.

25) Tracing the Railroad through Prescott
Tues, 11/27-12/04, 2:30-4:30pm
Bldg: 3, Rm: 203  Limit: 35
Facilitator: Thomas McColloch
The Santa Fe, Prescott and Phoenix Railway started operation in 1895, running from Ashfork to Phoenix. It originally came through Prescott, but in 1962 a bypass was constructed to route the tracks to the west of the city. The passenger depot and truss bridge are two remaining landmarks to remind us that the tracks once were in town. About 5 miles of the former roadbed remains as the Peavine hiking trail, but locally there was another 20 miles of railroad that was abandoned. In some areas of the city there is no evidence of the former roadbed, but in other areas much of the old roadbed still exists, and it can be located by reading old railroad maps. Follow along as we trace the former roadbed from Pioneer Parkway to Skull Valley, and see the many bridges and culverts that still exist today to mark the path.

26) The Wiemar Republic 1919-1933
Wed, 10/31-12/12 (no 11/21), 2:30-4:30pm
Bldg: 31, Rm: 101  Limit: 30
Facilitator: Marianna Freimark*
When Germany lost World War I and its Empire, it also lost much of its governmental structure and chaos ensued. While communists, right-wing extremists and royalists were fighting for control, a coalition of liberals was working on forming a Democratic Republic. When it became too dangerous for them to remain in Berlin they removed themselves to Wiemar, made famous by figures of the enlightenment. From here, in February of 1919, the formation of the German Democratic Republic was announced. It lasted until 1933 when the Nazis took control. During its short existence it became known for its artistic achievements, as a haven for refugees, and for its “decadence.” Before long social and cultural divisions grew, something that the Nazis took full advantage of. In this class we will explore and discuss all the different aspects of this era.

27) Train: Riding the Rails that Created the Modern World
Mon, 10/29-12/10 (no 11/12), 2:30-4:30pm
Bldg: 4, Rm: 102  Limit: 60
Facilitators: Bob Ellis, Tom McColloch

The learning group is based on the book *Train* by Tom Zoellner, a social, political, economic, and technical history of railroads. The chapters are arranged chronologically and deal with issues from the perspective of a different country such as Great Britain, United States, India, China, etc. Attendees will be expected to read approximately 50-100 pages each week and be prepared for discussion. Videos showing trains for each country will be shown in the previous week. The book is widely available costing just a few dollars used.

28) You and Your Android
Wed, 10/31-12/12 (no 11/21), 2:30-4:30pm
Bldg: 19, Rm: 215  Limit: 20
Facilitator: JB Burke

This 6-week learning group will address YOUR issues with your Android device. We will look at the launcher (learn what that is – you have one), the apps (there are almost three million), the hardware (from Smartphones to Phablets to Tablets), and everything in between. Bring your device(s), your questions and your knowledge to share as well. Our goal will be to make you more comfortable and productive with your Android devices.

29) Windows Photo Editing
Wed, 10/31-12/12 (no 11/21), 9-11am
Bldg: 19, Rm: 224  Limit: 15
Facilitator: John Carter

If you’re at a loss of how to edit images, let John guide you through the process with a round-up of a variety of free and paid-for applications. This learning group is intended for Windows users only. If you want to edit images on your tablet or smart phone, this is not the learning group for you, but you might still get something out of learning the techniques involved. We will go in depth into the techniques of editing images from just making it look better to fixing up a really bad image. No purchase of additional software is necessary unless you want to go beyond the basics. The Affinity Photos application is highly recommended and will be used in the class. Some free applications will also be used.

30) Hands-on Electronics Lab Featuring the Arduino
Fri, 11/2-12/14 (no 11/23), 9-11am
Bldg: 31, Rm: 101  Limit: 12
Facilitators: Chris Maxwell*, Ward Stanke*

If you enjoy building things and want to learn how electronics work, this hands-on class is for you! Construct interactive projects (no soldering required) with Arduino's easy-to-use open-source hardware and software (www.arduino.cc) created for people with no profound knowledge of electronics. While building different projects (light theremin, crystal ball, zoetrope, touchy-feely lamp, and more), you’ll learn about electronic components, circuits, motors, LCD displays, sensors, transistors, and computer programming. At the end of each class, you’ll disassemble each project so the components can be reused in other OLLI projects. Note: Because many of the components used are very small – dexterity, patience, and good vision are required to place components in the correct positions.

31) Introduction to iPhone
Fri, 11/2-12/14 (no 11/23), 9-11am
Bldg: 19, Rm: 215  Limit: 24
Facilitator: Dave Rothgery

This class is an introduction to the Apple iPhone and will cover the basics of iPhone use. This is a hands-on class requiring you to bring your Apple iPhone to class. The class size is limited to allow more interaction and focus and will include additional practice time each session.

32) The Aging Brain
Mon, 10/29-12/10 (no 11/12), 12-2pm
Bldg: 31, Rm: 101  Limit: 25
Facilitator: Barbara Mace*

Dr. Polk is a Renaissance man: his undergraduate degree was in Mathematics; his interdisciplinary doctorate covered both Computer Science and Psychology; while his postdoctoral training was in cognitive neuroscience. His 12 lectures include topics such as the aging mind, brain structure, emotional aging, and strategies for aging memory. He also includes guidelines for active lifestyles, diet and stress. In attending this course you will see why Dr. Polk was included in Princeton Review's list of the Best 300 Professors in the United States.

*Master Facilitator (Facilitator who has offered 25 or more learning groups and workshops for OLLI)
33) Introduction to Paleontology  
**Pt 1 of 2**
Tuesday, 10/30-12/11 (no 11/20), 12:30-2:30pm  
Bldg: 4, Rm: 102  Limit: 60  
Facilitators: Dave Hoffman, Johanna Kangal*

Professor Stuart Sutherland, in partnership with the Smithsonian, offers a glimpse into our planet’s extraordinary history through the study of fossils. The course focuses on the flora and fauna that are featured in the collections at the Smithsonian’s National Museum of Natural History, where they conduct cutting-edge research to piece together Earth’s ancient story. Beginning with the fundamentals of the science, the course explains how fossils are formed, how they are found, extracted, and prepared for the lab. We will then look at fossils that help to understand the origins of life through Neanderthal Man. **Note:** this class will not meet on 11/6, WILL meet on 11/20.

34) Life in the World’s Oceans  
**Pt 1 of 2**  
Tuesday, 10/30-12/11 (no 11/20), 8:30-10:30am  
Bldg: 4, Rm: 102  Limit: 35  
Facilitator: Gray Bower

A vivid exploration of oceanic life - from tiny organisms to enormous whales. From the phytoplankton that can only float at the whim of wind and currents to the gray whale that migrates 16,000 kilometers each year, you will be amazed at the variety of life in the seas and what we have only recently learned about its biology, evolution, life cycles, and adaptations.

35) The Theory of Everything  
**Pt 1 of 2**  
Wednesday, 10/31-12/12 (no 11/21), 12-2pm  
Bldg: 31, Rm: 101  Limit: 25  
Facilitator: Barbara Mace*

To be brutally blunt - this lecture series would be equivalent to a graduate physics class. There is calculus, formulas for physical laws, Euclidean geometry, supersymmetries, and theoretical quantum fields. BUT, Professor Don Lincoln, discoverer of the top quark and confirmer of the Higgs boson, is erudite with a marvelous sense of humor, a humble researcher, and an incredible teacher. He reveals science as exciting, beautiful and continually challenging while blending the histories of scientists’ and mathematicians’ thought processes to reveal their quest for the Theory of Everything. So (Matrix fans), let’s take the red pill and tumble down the rabbit hole to the quantum realm of reality!!! Barbara’s hint: I highly recommend attendees obtain the Great Course booklet for this class. It is over 200 pages (large print) of Dr. Lincoln’s lectures with especially helpful diagrams, explanations, and models.

36) The Science of Flight  
**Pt 3 of 3**  
Thursday, 11/1-12/13 (no 11/22), 2:30-4:30pm  
Bldg: 3, Rm: 271  Limit: 30  
Facilitator: Jerry Jones*

This course offers a look at how humans have taken to the skies, from the relative simplicity of balloons and gliders to the incredibly complex achievement of space flight. The course examines, in brief, some of the complex calculations behind the designs of effective flying machines. And it also introduces the human side, with tales of real-life pilots and designers interspersed throughout. All and all, this course tells the story of how people have overcome the vast technical challenges presented by flight.

37) Understanding Weather Around Us  
Friday, 11/2-12/14 (no 11/23), 9-11am  
Bldg: 3, Rm: 271  Limit: 35  
Facilitator: Bob Parsons

What makes WEATHER? What drives it to extremes? Ever experienced our Prescott monsoon? Enjoyed it? Been frightened by it? Been awed by it? Ever notice that when nature produces an emotional response, there is generally complexity and mystery accompanying it? The Santa Ana winds that sweep into the Los Angeles basin with startling force; the fierce prairie weather, tornado, of twisting winds in the plains of the Midwest; the tropical cyclones, Atlantic hurricanes or Japanese typhoons, that gather strength over warm seas then strike land with devastating winds and flooding; blizzards, whiteouts, Tule fog, lake-effect snowfalls; all weather we cannot control. But even in their most extreme forms that lead to a struggle for survival, they can be understood and largely predicted thanks to the ongoing revolution in meteorology. This series of 12 lectures, culled from two Great Courses on weather and many YouTube episodes, and enlightening experiments borrowed from ERAU, will be our field guide to understanding the overwhelming force of nature that we call the weather.

38) Animal Behavior on Our Amazing Planet Pt 2  
Friday, 11/2-12/14 (no 11/23), 12-2pm  
Bldg: 4, Rm: 102  Limit: 65  
Facilitators: Barbara Brown*, Nancy Jackson

From Big Cats to the one on our lap, from wolves to the dog in the backyard, the variety of animals and often their relationship to us is astounding. We’ll explore communication, emotions, culture, learning and play in wild animals and our own pets.

**Prescott OLLI Library**

Our Media Library has 600+ items in over 40 categories like science, finance, and history. There are Great Courses and other DVDs, films and books, and many are from previous OLLI courses. Members can borrow these resources to enjoy at home. Call the office to arrange a pickup or visit [www.yc.edu/prescottolli](http://www.yc.edu/prescottolli), click on Prescott OLLI Media Library List under Facilitator Resources or call the office for a printed copy. **Check it out!**

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19. Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.
39) Travel Destinations  
Mon, 10/29-12/10 (no 11/12), 9-11am  
Bldg: 4, Rm: 102   Limit: 60  
Facilitators: Bill Maxwell*, Deb Dillon*  
Whether you are an armchair traveler or someone who never unpacks, come and join Deb and Bill to travel to destinations around the world. We will spend the 6 weeks exploring everything from exotic locations to points of interest in the USA. Expect to experience: nature (USA National Parks), adventure (Patagonia, New Zealand), exotic locations (Turkmenistan, Uzbekistan), and history (Turkey). Deb and Bill will provide information as well as fun stories about their experiences traveling the world. Maybe you will find some new destinations to add to your bucket list!

40) Coloring

Facilitators: Kathy Dudek, Joe Dudek  
Learn to use alcohol inks to create your own beverage coaster, picture or tile to be framed. No Artistic talent is needed, everyone will be successful. Approximate cost of supplies $15-$20. A supply list will be furnished for the course. Ceramic tiles and paper will be available at cost.

43) QiGong (Mon, Wed, Fri)  
Mon, 10/29-12/14, 8:45-9:45am  
Facilitator: Vicki Barnes*   Limit: 20  
Meets at Unity of Prescott, 145 S. Arizona Avenue. Qi Gong is an ancient Chinese practice with many various forms. In this group, we do 21 movements to promote health and longevity. The movements are slow, gentle and easy to follow. They are practiced while following your breathing and promote flexibility, balance and a sense of well-being. In the warmer weather, the group meets in the Labyrinth Garden.

OLLI’s Financial Corner

Prescott OLLI receives a great deal of support from Yavapai College that we do not cover with our fees. These include the support of entire departments, such as IT, purchasing, accounting, human resources, and the mail center. The college covers the cost for all the black and white photocopying for our classes, including the cost of paper and ink. Our classroom space, office space, furniture, equipment, computers, phones, internet, and web site support are all provided by the college. Maintenance, renovations, even shoveling sidewalks and campus safety services, are all no cost to us. Even within the Division of Lifelong Learning, OLLI does cover the cost of compensation for Tricia, Patty and Pam, but Connie, Dennis, and the other Division staff pitch in at various times lending support, and their salaries are all completely covered by the college.

We have no idea how much all of this costs, but you can be assured it is a very large number. In previous messages we have told you about the OLLI budget and its components and how we budget conservatively and generally make a small surplus. We also told you about the OLLI endowment we received in our early years and by whom and how those funds are managed for us along with results achieved. This time we are trying to impress on you the extent to which the college supports us and that our financial situation and your dues would be much higher without that support. From all of us, THANK YOU!

44) Strenuous Hiking
Wed, 10/31-12/12 (no 11/21), 8:30am-12:30pm
Facilitators: Lisa Garnes, William Garnes
Limit: 15

Please join us for hikes this beautiful fall season and experience fun, fitness and friendship. It is essential that you be accustomed to hiking 6-8 miles on uneven, rocky and possibly steep terrain. We will be hiking at a moderate pace with frequent stops and a short break. Hikes will typically last 3-4 hours with occasional additional travel time to the hike’s start location. Most of the hikes will be in the Prescott area although we may travel once to the Verde or Sedona. The meeting place for the first hike will be in the parking lot of the Depot Marketplace, 174 E. Sheldon Street in Prescott, across from Sprouts, at 8:30 am.

45) Moderate Hiking
Wed, 10/31-12/12 (no 11/21), 8:30-11am
Facilitators: Eleanor Wing, Kay Finley
Limit: 15

Late fall mornings are cool and the air is crisp, perfect weather for getting out on the great trails Prescott has to offer. If you are a hiker, join us for fun and exercise on hikes of 3 to 5 miles. You must be in good physical condition and be prepared for rocky terrain and steep slopes. A hat, plenty of water, sunscreen and hiking poles are the basic equipment you will need, plus sturdy hiking boots that are well broken in. The meeting place for the first hike will be emailed to participants in advance.

Monday classes won’t meet 11/12 (Veteran’s Day), will meet 11/19.
Tuesday-Friday classes won’t meet the week of Thanksgiving 11/20-23.

Outdoors/Field Trips

**Hassayampa Vineyard Tour**
Mon, 10/1, 10am-12pm  Limit: 20
Facilitators: Angie Mazella*, Lois Janowski
Sarah and Matt Hyde, managers of the Hassayampa Vineyard and Farm in Kirkland, AZ (15905 South Walnut Grove Road) will give us a tour of their organic operation. At the Vineyard they grow and sell local, fresh veggies and fruits, farmstead aged cheese made with raw milk from their own Jersey dairy cows, free-range eggs and wine grapes. The tour should be at the peak of wine harvesting so we can see (and get involved in) the grape picking operation. There will be a $5 donation for the tour, transportation is on your own.

**Musical Instrument Museum**
Wed, 10/17, 8am-5pm
Meet at Flaggpoles  Limit: 35
Facilitator: Barbara Brown*
The Musical Instrument Museum (MIM) opened in April 2010 and became one of the “hottest” must-see places to visit. This unique museum celebrates music by exhibiting instruments from numerous countries. There are more than 10,000 instruments and objects in the collection displayed on two floors for the public to enjoy in 5 geographical galleries. There is also a “hands-on” section where you can touch and play various instruments. We will have a 1 hour, docent-led guided tour beginning at 10:30 am. We will break for lunch in the museum’s fabulous garden view cafeteria. After lunch, you are free to explore the remainder of the area and even revisit the sections of interest seen from the tour. Members cost: $75. Non-Members: $80. Includes luxury bus and entrance into museum and tour. Lunch is on your own.

**A Magical Cirque Christmas at the Mesa Arts Center**
Sun, 11/25, 2-11:30pm
Meet at Flaggpoles  Limit: 40
Facilitators: Dianne and John Kuzminski
A holiday entertainment blockbuster set to dazzle audiences of all ages. Featuring the best talent from around the globe, A Magical Cirque Christmas has it all – jaw-dropping magic, breathtaking circus acts, and the most angelic voices singing your favorite Christmas carols with incredible live musicians on stage. Be transported to the golden age of entertainment by the mind-blowing talents, stunning costumes, comedy and more. Includes luxury bus, early dinner, and tickets to the show. Members: $125. Non-members: $135.

**Wicked at ASU Gammage**
Sat, 4/6/19, 11am-9pm
Meet at Flaggpoles  Limit: 50
Facilitators: Dianne and John Kuzminski
Wicked, the Broadway sensation, looks at what happened in the Land of Oz, but from a different angle. Long before Dorothy arrives, there is another young woman, born with emerald-green skin-smart, fiery, misunderstood, and possessing an extraordinary talent. When she meets a bubbly blonde who is exceptionally popular, their initial rivalry turns into the unlikeliest of friendships…until the world decides to call one “good,” and the other one “wicked.” From the first electrifying note to the final breathtaking moment, Wicked—the untold true story of the Witches of Oz-transfixes audiences with its wildly inventive story. Luxury bus, tickets in the grand tier, and dinner after the show included. Members: $165. Non-members: $175.

**Rent at ASU Gammage**
Sat, 6/1/19, 11am-9pm
Meet at Flaggpoles  Limit: 51
Facilitators: Dianne and John Kuzminski
In 1996, an original rock musical by a little-known composer opened on Broadway and forever changed the landscape of American theater. Two decades later, Jonathan Larson’s Rent continues to speak loudly and defiantly to audiences across generations and all over the world. And now, this Pulitzer Prize and Tony Award®-winning masterpiece returns to the stage in a vibrant 20th anniversary touring production. A re-imaging of Puccini’s La Bohème, Rent follows an unforgettable year in the lives of seven artists struggling to follow their dreams without selling out. With its inspiring message of joy and hope in the face of fear, this timeless celebration of friendship and creativity reminds us to measure our lives with the only thing that truly matters-love. Luxury bus, tickets in the grand tier, and dinner after the show are included. Members: $140, non-members: $150.

Cancellation Policy: Cancel 60 days prior to the trip, trip cost refunded less $10. Cancel between 59 and 14 days of the trip, trip cost refunded less the cost of the entrance fee or ticket (varies per trip). No refunds 13 days or less before the trip.
Is getting to your OLLI learning group on campus a challenge because of a disability?

For those who need assistance in finding appropriate parking and getting to your classroom, we offer the following information.

Disability parking is located at the second floor level behind Buildings 3 and 4 and in parking lot M. You must have a disability permit to park in these areas. You may take the elevator in Buildings 2, 3 and 4 to the first floor level.

If there are any other disability concerns or requests for accommodations, please do not hesitate to contact Disability Resources for assistance...776-2079.
