# PRIMARY CARE

## Family Practice

Spectrum treats the whole family from ages 0-99. By establishing a relationship with our patients, we can stand by them through all life's changes.

## Immunology

Our immunology team diagnoses and manages immune system disorders, such as allergies, asthma, and auto-immune diseases.

## Lab Services

With Spectrum's on-site lab services you can have your lab work done before you leave the building.

---

# BEHAVIORAL HEALTH

## Psychiatry

Our team of psychiatric experts care for your mental health and are dedicated to your Whole Health needs.

## Counseling

Whether individual or group, we offer many different levels of counseling for a variety of needs including Marriage, Family, Substance, and Grief.
