Toni attended Yavapai College from 1978-1980 as an Education Major. Toni is currently working for Southern California Edison as a supervisor. She has four daughters, 1 stepson, 1 stepdaughter, 1 grandson, 1 granddaughter (one more on the way). She has been living in Southern California for 22 years now and loves it.

She enjoyed rooming with Lori, Cheryl and Heidi and being part of the Cheerleading program, and she still has a love for basketball. One professor – she can't remember his name, told her not to be a teacher but to get into the computer field, and that totally changed her future.
