Chuck Walker, Business Lecturer, 2001 to 2002. "As a life long learner, I appreciate the education opportunities that Yavapai College provides. As a seasoned business executive, I have taught Strategic Planning for Management and Supervisor Skills for Management at Yavapai College. I am waiting to have more time to take classes that would further my education for health, activities and hobbies. I am proud to serve the Yavapai College Foundation Board of Directors in the past as President, and as board member since 2001."
