1. New Chair for 2023-24?

2. Update on new AGECE:

- a. [AGEC Criteria Vetting Details](https://aztransfer.com/about/reimagining_the_agec.html) slideshow: https://aztransfer.com/about/reimagining_the_agec.html
- b. Draft criteria need to be reviewed by all groups who will work with the AGECE and AGECE courses. This includes the Gen Ed Committee, faculty teaching Gen Ed (or potential Gen Ed) courses, administrators, and advisors. Anyone else?
- c. All feedback collected needs to be submitted on one form. I have made a copy of that form so that we can collect all data, compile it, and then I can submit it easily to the form by March 31. (Review Form)
- d. What is the best way to get this information out? Do we want groups to submit feedback (ie Science submits feedback on Science update), as well as individual faculty feedback?

To Do (Tabled):

- Identify all degrees, including AAS, and make sure Gen Eds are being assessed.
 - Update processes in the Assessment plan to match current process-in process
 - Revise Written Communication—communication, world languages (not on the plan), computers? – Have 3 different rubrics that fall under ‘communication’ – oral, written, languages? Could digital literacy fit here? Item for next Fall Assessment Day Discussion.
