Informed doctors = better care

Your medical history disclosure provides Teladoc doctors with the information they need to make an accurate diagnosis. **You must complete your medical history disclosure to request a consult.**

The screenshot shows the Teladoc member portal interface. At the top, there are navigation tabs: Overview, My Medical History, My Family, My Account Information, and My Message Center. Below these, a secondary row of tabs includes Health Record, Doctors & Pharmacies, Images, and Consultation History. On the left side, there is a 'Dependents' section and a 'Always on call!' banner for Teladoc symptoms (24/7/365) with a phone icon and a 'Request a consultation anytime' button. The main content area is titled 'Provide Medical History' and contains the text: 'Your medical History is like the clipboard at a doctor's office. It gives Teladoc doctors need to provide an accurate diagnosis. Medical history must be completed prior to...'. Below this, there is a 'My Medical History' section with input fields for Height* (inches) and Weight* (lbs.).

Teladoc can also help you complete your medical history disclosure over the phone
