

## Arizona Residency & U.S. Citizenship

Proposition 300, passed by voters in November 2006, stipulates that persons who are not citizens or legal residents be charged out-of-state tuition and that they are not eligible for any type of financial assistance using state monies.

In compliance with this law, Yavapai College will require all students to provide documentation regarding their legal status. Acceptable documents include Arizona driver's license or identification card issued since 1996, birth certificate, passport and official immigration papers. See below for a complete list of documents; students can provide one primary document **or** \*two secondary documents, as shown. Students will have the option of presenting acceptable documentation to Enrollment Services staff (preferred method) or by scanning documentation to admissions@yc.edu.

(Additional requirements must also be met when establishing in-state residency.)

An approved FAFSA application will automatically confirm citizenship.

Students who do not provide documentation to satisfy legal status will not be eligible for any financial assistance using state monies and will be billed for out-of-state tuition.

Primary documents: (only one required)	Secondary documents: <b>two</b> required, <i>and</i> <b>*must include photo &amp; DOB</b>
