YAVAPAI COLLEGE

Program Overview

The Associate of Applied Science Degree in Radiology Technology is a 2-year program that prepares students for entry-level positions as radiographers. The program starts once per year, in the fall semester. Students must complete 19 hours of prerequisite courses and 43-49 credits of major core courses including electives.

The program is designed around a model of classroom and laboratory instruction integrated with hands-on experience in a clinical setting that provides a thorough educational foundation and professional preparation to enter the workforce as an independent practitioner upon graduation.

Accreditation Overview

The Yavapai College Radiologic Technology-AAS program is accredited by the:

Joint Review Committee on Education in Radiologic Technology

20 North Wacker Drive, Suite 2850 Chicago, IL 60606-3182 312-704-5300 Email: mail@jrcert.org

The program's current award is 8 years. General program accreditation information and the current accreditation award letter can be found:

https://www.jrcert.org/programs/yavapai-college/

Yavapai College is accredited by the Higher Learning Commission of the North Central Association of Colleges and Universities.

Program Mission

The mission of the Yavapai College Radiology Technology program is to provide quality education that will develop competent, caring, and ethical entry-level radiographers who value lifelong learning and adapt to continuous changes in the healthcare system.

Program Goals

- Students will communicate effectively as a member of a healthcare team.
- Students will demonstrate the ability to apply critical thinking and problemsolving skills.
- Students will exhibit clinical competency by adhering to the ethical and professional standards of radiologic sciences.

Program Curriculum

Our curriculum is designed in accordance with the most up-to-date Radiography Curriculum established by the American Society of Radiologic Technologists (ASRT).

Graduates are eligible to:

- Receive an AAS degree in Radiology Technology.
- Challenge the American Registry of Radiologic Technologists examination (ARRT).
- Apply for an Arizona CRT License to practice radiography. (Certified Radiologic Technologist)
