## INTRODUCTION

We are pleased to share the mid-year update of Yavapai College's Strategic Plan. This report reflects the 2023-2024 work and research of the College's Strategic Planning Committee. As a reminder, YC operates under a rolling strategic planning process, allowing the College to be flexible and responsive to the dynamic local, national, and global environment in which higher education finds itself

The plan reflects an updated focus on the College's mission, vision, and continuing commitment to providing our communities with educational, economic, and cultural opportunities. In creating this document, we have used an evidence-based approach with extensive internal and external research and stakeholder feedback to inform our strategic goals and initiatives.

This document includes strategic priorities for 2025-2027, updates to the FY24 priorities, and updates on the College's Key Performance Indicators (KPI).

## **OUR MISSION**

#### **MISSION**

Yavapai College enriches our community by providing accessible, quality workforce, transfer, lifelong, and cultural learning opportunities.

#### **VISION**

Yavapai College ensures that Yavapai County is a premier place to learn, work, and live.

#### **VALUES**

#### **Excellence**

- We foster positive relationships with students, staff, and faculty to support student learning goals.
- We anticipate the needs of stakeholders and adjust our efforts to reduce their challenges and supports their objectives.
- We create a positive, productive, and supportive environment conducive to learning.

#### Caring

- We actively listen and provide support to students and colleagues.
- We connect with others, respecting human dignity and responding with compassion.

#### **Equity**

- We are committed to cultivating a diverse, inclusive, and equitable environment aimed at supporting and educating our students, staff, faculty, administration, and community partners regardless of individual backgrounds, identities, and differences- es.
- We are committed to dismantling structural barriers to equity by investing in policies, practices, and behaviors that work to support all students, staff, faculty, administration, and community partners to continually assess and adjust our behavior to be more equitable, fair, and just.

#### **Integrity**

- We are accountable to our students, community, ourselves, and our local taxpayers.
- We demonstrate collaboration and respect in all interactions.

## PLANNING PROCESS

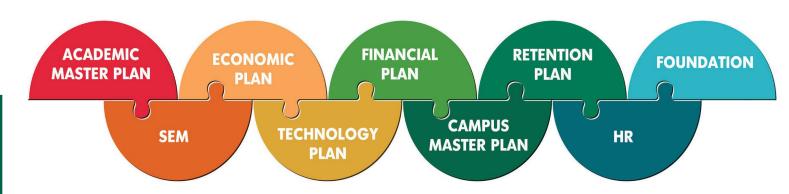

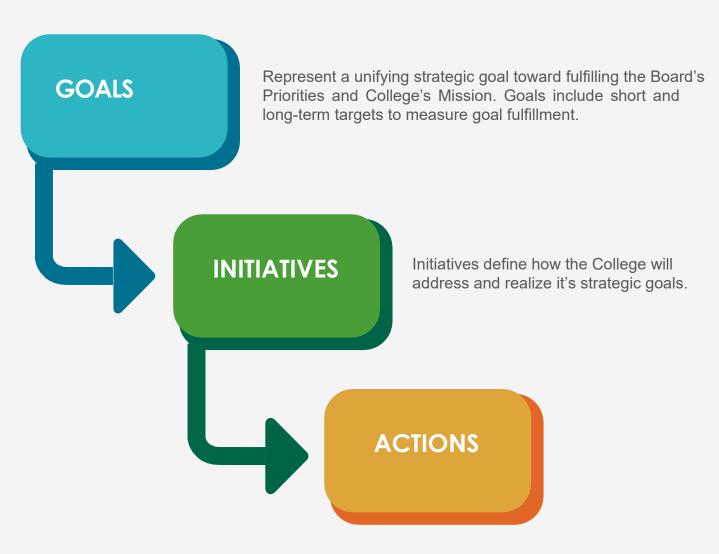

## **PLANNING ALIGNMENT**

STRATEGIC PLAN

## PLANNING TERMINOLOGY

Actions are part of how the annual plan that operationalize how initiatives will be completed and include who is responsible, required support, target dates, and budget implications.

## STRATEGIC GOALS

#### **BELONGING**

Strengthen our commitment to individual and organizational efforts to build respect, dignity, caring, equality and self-esteem in all employees and students.

#### LIVING WAGE

Ensure a program mix that prepares graduates to obtain living wage jobs.

#### **ADULT LEARNERS**

Respond to shifting community and workforce needs to serve adult learners.

#### **DELIVERY**

Redefine time, place, and methods of educational delivery to create a more learner-centric environment.

### STRATEGIC INITIATIVES

#### **BELONGING**

The Belonging strategic initiative underscores the critical importance of meeting students' basic need as a foundation for fostering community and inclusivity within the college learning environment. By ensuring that these fundamental needs are met, the initiative creates a welcoming and inclusive atmosphere where students can truly feel a strong sense of belonging. This focus extends to developing and supporting a culture where all employees, including faculty and staff, feel appreciated, engaged, inspired, and supported by their colleagues and the institution. The initiative also offers equitable professional development opportunities for faculty and staff to effectively enhance their abilities to meet student needs. Ultimately, the Belonging strategic initiative is dedicated to building a supportive and inclusive environment that prioritizes the well-being and success of every community member.

#### LIVING WAGE

The Living Wage strategic initiative aims to address the challenges of the changing economic landscape, emphasizing creating pathways to secure living-wage jobs. This initiative emphasizes aligning curriculum and programs to impart skills needed in a new economy characterized by growing artificial intelligence and automation. To achieve this goal, the initiative proposes creating a one-stop-shop for workforce training that can provide comprehensive support to job seekers. Finally, the initiative emphasizes developing Baccalaureate Degrees to provide students with the knowledge and skills to thrive in high-paying professions. Overall, the Living Wage strategic initiative seeks to give students and the workforce the education and training necessary to secure living-wage jobs in a rapidly evolving economy landscape.

#### **ADULT LEARNERS**

The Adult Learners strategic initiative aims to expand enrollment opportunities for non-traditional age learners, particularly those who have some college education but no degree. This initiative recognizes the importance of providing educational opportunities for those who may have previously encountered barriers to higher education. Additionally, the initiative seeks to learner enrollment and increase Hispanic educational attainment levels, recognizing the importance of equity and inclusion in higher education. Another goal of the Adult Learners strategic initiative is to become a leader in adult lifelong learning, offering financially self-sustaining courses and programs that cater to the unique needs of adult learners. Overall, the Adult Learners strategic initiative seeks to expand access to higher education and lifelong learning opportunities for a diverse group of learners, with a particular focus on those who may have previously faced barriers to educational attainment

#### **DELIVERY**

The Delivery strategic initiative aims to enhance the delivery of educational programs and increase student success by adopting best-in-class pedagogy and processes. The initiative proposes increasing online enrollment by offering courses that utilize effective online teaching methods, providing students with a flexible and convenient learning experience. Additionally, the initiative seeks to improve students' ability to complete programs more quickly by offering multiple start dates and fasttrack pathways. The initiative also proposes expanding the use of Open Educational Resources (OER), which can reduce the cost of textbooks and other learning materials for students. Finally, the initiative aims to improve credit for prior learning systems, recognizing the value of life experiences and nontraditional learning opportunities. Overall, the Delivery strategic initiative seeks to provide students with high-quality educational programs delivered in a manner that supports their success and promotes equitable access to higher education.

## FY2025 STRATEGIC PRIORITIES

From August 2023 through March 2024, the Strategic Planning Committee held 12 meetings, read more than 40 articles and research reports, and hosted two full-day planning retreats. The committee's research and work informed the updated FY25 strategic priorities.

FY25 Strategic Priorities	Belonging	Living Wage	Adult Learners	Delivery
Expand Health Science Programs		X		
Co-award non-credit and credit			Х	X
Improve Credit for Prior Learning options			Х	
Expand workforce training		X	Х	
Implement ERP upgrade	Х			
Integrate Artificial Intelligence and Virtual				Х

Expand OER, Low Cost and No Cost				Х
Resources				
Implement best practices for online				Х
courses				
Expand Early College Opportunities	Х			Х
Enhance basic student needs support	Х			
Prison Education Program	Х		Х	

During FY24, the Strategic Planning Committee changed the status of 4 Strategic Initiatives to Completed. In FY25, the college will continue to work on the remaining Strategic Initiatives and has added two new priorities: enhancing primary student needs support and a prison education program.

Evidence informing the two new strategic priorities.

#### **ENHANCE BASIC STUDENTS NEEDS SUPPORT**

- 2023 Hope Study Findings
  - 50% of YC students reported housing insecurity.
  - 20% of YC students had experienced homelessness in the past 12 months.
- Lack of affordable and attainable housing in Yavapai County
  - National Association of Home Builders/Well Fargo Housing Opportunity Index (HOI)
     Measures at an all-time low. In all, just 22.1% of all variable hommes sold were afforto families earning the County median income.
  - Housing costs in Yavapai County are 39% higher than the national average (Council for Community and Economic Research).

#### PRISON EDUCATION PROGRAM

- As part of the Consolidated Appropriations Act, Congress officially lifted the ban on Pell Grants for incarcerated students, reinstating their eligibility beginning July 2023.
- Studies have shown an inverse relationship between a released prisoner's level of education and recidivism. Giving prisoners access to education increases their ability to earn living wage jobs and lowers the likelihood they will return to prison.
- Arizona Department of Corrections expressed interest in YC's B.S. in Business Degree and YC will be assigned 3 state prisons to service.

#### OBJECTIVES AND KEY RESULTS (OKRs)

Also new with this year's planning will be the addition of Objectives and Key Results (OKRs) for each Strategic Initiative. The OKR Framework defines the stepping stones leading to the accomplishment of a Strategic Initiative. An objective defines what we want to accomplish, while Key Results define how we will measure progress. By their nature, Strategic Plans can be somewhat broad and subject to multiple interpretations. OKR's will help YC teams to reach a common understanding of what needs to be done, by whom and when.

The Objective and Key Results are anticipated to be in place by the end of April 2024.

## **MEASURING PROGRESS**

This section of the report provides an overview of where the college is in achieving its strategic planning goals. The tale below provides an overview of where the YC is.
