

FRAMING THE FUTURE Brunch

March 2, 2019 @ 10:00 AM
Susan N. Webb Community Room, 19-147

A Benefit for the Del E. Webb Family Enrichment Center at Yavapai College

The Del E. Webb Family Enrichment Center at Yavapai College is dedicated to providing quality early education to children, helping student parents succeed, and training future teachers.

Children enrolled at the FEC are encouraged to explore, inquire and discover. The FEC helps children develop a passion for learning that results in success in school, and in life.

Student parents who must balance school, work, and family face significant challenges to completing their postsecondary education. The FEC helps. Currently, 75% of student parents receive child care tuition discounts and/or scholarships that cover 70 to 80 percent of their full childcare cost.

As the only early childhood lab school in northern Arizona, the FEC provides teacher training and an opportunity for student teachers to put the theories they learn in the college classroom into practice in the preschool classroom.

Thank you for your support.
